Highlights

- The freedom to roam: You need a stable wireless connection if you want to be able to walk and talk. Without a Bluetooth adapter, your device's connection might get patchy over a relatively short distance. Jabra Link 380 is discreet and flexible, giving you....
- Maximum control, minimum effort: Technology is better when it's easy to use. Jabra Link 380 is plug-and-play – no need to install separate software drivers. It's easy to manage through Jabra Direct, so you can push over-the-air software updates to all....
- Sound that won't let you down: Whether you're sitting at your desk or not, your sound quality shouldn't change. With A2DP Bluetooth 5.0 profile and HD Voice, Jabra Link 380 gives you rich sound quality, even when you're away from your computer....
- Bluetooth version: 5.0.
- Host interface: USB.
- Transmission distance: 30 m.
